Antes de leer el texto escucha el mp3 2 o 3 veces para intentar saber de qué se trata.

Actividad 1, THE LISTENING TAPESCRIP

Cuando tengas la idea general, escucha el mp3 y lee el texto al mismo tiempo, descubrirás que ya reconoces varias palabras y el texto será más claro.

Actividad 2, LISTENING GAP FILL

Escucha una vez más, pero ahora completa con las palabras que han falta mientras escuchas, si es muy complicado pausa el audio mientras escribes, con esta práctica recordarás vocabulario

Actividad 3, CORRECT THE SPELLING

No es necesario poner el audio en este ejercicio, encontrarás una vez más el texto pero en esta ocasión te darás cuenta que algunas palabras están mal escritas, conforme vayas leyendo corrige estas palabras como las recuerdes que estaban escritas en los ejercicios previos, aquí practicarás como escribir correctamente el vocabulario.

Actividad 4, UNJUMBLE THE WORDS.

En esta actividad encontrarás oraciones subrayadas, estas están gramaticalmente incorrectas, quiere decir que las palabras están acomodadas mal, intenta ponerlas en el orden correcto con las estructuras que tú ya conoces o que recuerdas como estaban acomodadas en la primera lectura.

Actividad 5 DISCUSSION

Para finalizar con la actividad escoge una de las 2 opciones, escribe 5 preguntas con respuestas basadas en el texto, recuerda que cuando hacemos preguntas utilizamos auxiliares dependiendo del tiempo de la pregunta o escribe un párrafo sobre el tema.

One of my favourite times of the day is bath time. I absolutely love taking a bath. Baths are so much better than showers. Having a bath is the most relaxing thing. There's nothing better in life than sinking into a hot bath and letting the water take away my troubles. A bath really makes you feel great. I especially like taking a bath before going to bed. Bath time is pretty much the only time of the day when you can really pamper yourself. It also means a lot of quality time to yourself. It's perfect for listening to music and reading a good book. The only thing I don't like about bath time is when I fall asleep and the water goes cold. Or even worse – when you want a bath and there's no hot water.
